Webinar - for registration please fill the online form: <https://forms.gle/Brg1kiQEB127N2FeA>)

University of Ferrara - Department of Architecture

The Department of Architecture of the University of Ferrara and the Fassa Bortolo Company are glad to invite you to the Award Ceremony of the

“Italian Prize for Sustainable Architecture”

Fourteen competition

Thursday October 1st 2020 - 16:00 (webinar format)

University of Ferrara - Department of Architecture

The International Prize for Sustainable Architecture, now in its fourteenth edition, conceived and promoted by the Department of Architecture of the University of Ferrara and the Fassa Bortolo Company, wants to bring attention to the need to re-examine the relationship between the building process and habitat quality through the pursuit of compatibility among economic productivity, protection of resources and environmental quality, recognizing the fundamental role of architectural works of environmental qualification, education and social promotion, as well as the task of representing the concrete expression of cultural development and collective interests of a society. The initiative, starting from the eleventh edition, has been divided into the Italian Prize for Sustainable Architecture (reserved for Degree Thesis, Doctorate, Postgraduate Master and Specialization at Italian Universities) and the International Prize for Sustainable Architecture (dedicated to works carried out by professionals), which alternate every two years.
